

Individual Membership Renewal Form

Members of Knox County Fish & Game Association accept certain responsibilities that all members share. Without responsible people, our commitments, as stated in our bylaws, cannot be accomplished.

All members are encouraged to attend regular monthly meetings, participate in the Knox County Fish & Game Association work projects such as Spring clean up day, and volunteer to chair a committee or become part of our Board of Directors. Knox County Fish & Game Association is reliant upon our members to volunteer their services from time to time, to provide upkeep to the lodge and its surrounding grounds, to create a safe and relaxing environment that all members and their families may take pride in.
